

For shared housing: If the family shares the unit with another family, enter only the family's prorated portion of the unit's utility allowance. To derive the family's prorated portion, divide the number of bedrooms in the family's private space by the total number of bedrooms in the shared housing unit.

For a Independent Group Residence (IGR): If an elderly person or a person with disabilities resides in an IGR, enter only the family's prorated portion of the unit's utility allowance. To derive the family's prorated portion, divide the number of persons in the assisted household (typically one, unless there is a live-in aide) by the total number of occupants (assisted and unassisted) who reside in the IGR.
